Millie's Views

By Millie Lott

I have been relatively lucky when I comes to my best friend. We have been buddies for 7 years. That may not seem that long to some, but it feels like a lifetime to me.

I will never forget the first day I saw Stacey Lynn Ward. We have been friends from that day on, we have been just about inseparable. I think it helped that we lived only 2 houses from each other. Either she would be at my house or vise versa. Mostly vise versa.

In those days since we have shared so much. But now she is moving on and is going to school in Billings, Montana. It is hard to believe that there are actually schools there (just kidding). I hope that in the years to come she will not forget all that we have done. I know that she will do many great things, and touch many lives in great

It is going to be hard to say good-bye to the person that I have shared so many secrets with, who has laughed at all my corny jokes, and even tried to stomach some of my great masterpiece meals. There have been so many crazy times that we have shared together. One time she talked me into giving her a driving lesson in my 1965 Volkswagon Bug. I will never look at a cotton truck the same again. Needless to say she didn't get the hang of a stick shift. There are so many other times that I would like to talk about but we would probably get into too much trouble.

None the less, she and I always had the time of our lives. There is not another person that I would have rather spent all those times with. Stacey bud, I don't know what to say other that I love you and am going

Everyone needs to stop and think about an alarming problem, Drinking and Driving! This problem is costing hundreds maybe even thousands of peo-ple their lives. District Judge Head spoke to members of S.A.D.D. at Elba High on this subject. There were many questions asked like: How many DUI's come into court? What are the punishments? Are the laws against Drinking and Driving too soft? What can we do to help?
There are 15-30 DUI's in his court a month and three alcohol related traffic accidents resulting in death in the last six months. The punishments for driving while under the influence are: First Offense - \$200 to \$1000 fine Second Offense - \$500 to \$2500 fine

The holiday season is just around the corner, and while the kids are worrying about whether or not they are going to get to eat Thanksgiving dinner with Grandma and Granddaddy and what they are going to get for Christ mas, Mom and Dad are simply trying to figure out a way to make it throug the holidays, period. We'll have to schedule Thanksgiving dinner aroun the state football playoffs, but we're used to that, and as far as Christmas goes, this early in the season we just tell'em "We'll see" whenever they point out a new gift they want. Yep, the holidays are always fun!

ELBA TIGERS WRAP UP YET ANOTHER AREA TITLE

The Elba Tigers claimed their fourth straight Area championship last week with an impressive 13-0 win over the Slocomb Red Tops, and did so the opening round of the Class 3A to close out the season, while Floma- City, but then went into a slump and St. Paul 6-3 earned the Hurricanes a in grand fashion, as they whipped the Red Tops on their own home field. high school football playoffs. The game was billed as a toss up between two of the top teams in south Alabama in the 3A ranks, but the Elba defense took charge early in the game and never let up, while the offense scored on their first possessions of each half and rolled up the yards, if not the score. It was a very impressive win by the Tigers and should set the stage for the playoffs, which start this

The Elba offense had looked great in piling up 35 and 47 points against Monroe County and Andalusia, but against Slocomb the offense may have taken a step backwards as it scored only twice and made critical mistakes that kept the Tigers from blowing the game wide open. Greg Thigpen and Marcus Tyson again went over 100 yards from the tailback position, David Rowe excited the crowd with his punt returns and John Jacobs was on target at times passing the ball; however, the Tigers failed to take advantage of numerous scoring chances in both the first and second half that would have put the win on ice, and in doing so allowed Slocomb to remain within striking distance. The offense showed that it can still move the ball, but also showed that it can still make mistakes. Maybe the mistakes will serve as a wake up call for the offensive players!

The defense was supposed to have its hands full against one of the top passing attacks in the state, but totally dominated the action from start to finish and held the Red Tops to only 61 yards in total offense. The Tiger defense limited the running game to only 30 yards, while in the air the Red Tops could connect on only 4 of 15 passes and Elba defenders picked off 4 for interceptions. The defense was complete in its dominance and put on its best performance of the season. Providing the spark for the defense was defensive-tackle Ronnie Joe Edwards. Edwards was interviewed on TV during the week and did a super job, then on Friday night took charge in the line and led the Tiger defense to a massacre. The defensive backs had suffered at times during the season, but they too rose to the challenge against Slocomb and totally confused the Red Top attack, while picking off 4 passes. The defensive dominance was complete.

Summing up the win over Slocomb, the only thing close about the game was the score. The Tigers dominated from start to finish on both sides of the ball and showed why it wears the state championship rings. Mistakes were present; however, the mistakes should make the effort and preparation better in coming weeks. The win over Slocomb was the fifth straight win for the Tigers after a 3-2 start and should do much more than just head the Tigers into the playoffs...it should serve as a launching board for the Tigers in their quest for a second straight state title!

COUNTY WILL BE WELL REPRESENTED IN PLAYOFFS

Back in the first week of the season things looked rather bleak around al "State Football Playoffs" this Houston County at Straughn Coffee County as all five of the teams in the county bit the dust. While week with a total of 96 games on tap McIntosh at Excel things did improve during the course of the season, it wasn't until late in the in six classifications. season that the county teams began to flex their muscles. At the end New Brockton, Zion Chapel and Enterprise all had closed with a rush and when (1A), Hazlewood (2A), Elba (3A), Paramount at Alabama Christian the playoffs start this week all three will be taking part. Here's a look at Pike County (4A), Oxford (5A) and Montgomery how they got there and what lies ahead...

NEW BROCKTON closed out the season with four straight wins to tempt to repeat. even its record at 5-5 and after a disastrous start will travel to Cottonwood for the playoffs. The Gamecocks had their worst game of the year against first round matchups: Cottonwood, but aren't the same team now and have to be looking forward

PLAYOFF PICKINS ARE THE PROGNOSTICATORS PRIDE

Ye Ole Polish Prognosticator looked a little ragged upon entering the office this week, but still managed a smile and did a little bragging about how Gaylesville at Courtland 4 of the 5 county teams made the playoffs. The local guesspert hit on 27 of Brilliant at Waterloo 32 picks last week to bring his regular season totals to 249-73, which ain't bad at all. Now for his playoff pickins....

Remember Holtville! The Elba coaches will be reminding the Tigers of the embarrassment of 1988 many times this week in an attempt to prevent top fisherman another upset against a less than challenging foe. Flomaton has found the going a bit rough in the 3A ranks this season after years of success in 2A at tournament and will find the going even tougher this week against the 3A champs!

The Rebels lost to the Purple Cats early in the season, but have been Club traveled to Lake Eufaula for wanting a rematch for some time and will get just that this week. Zion Chapel isn't the same team that lost to Ariton earlier in the season, but unfortunately for the Rebels, Ariton is still as tough as ever! ARITON 14 ZION CHAPEL 8

NEW BROCKTON VS. COTTONWOOD

The Gamecocks got shelled by the Bears early in the season and have to be wondering if they have improved enough to challenge the Bears this time around. The answer is "Yes," but the answer will be "No" when you ask if the Gamecocks are going to win!

They played Georgiana tough before falling 7-6 and we know how good Georgiana is, while the wins over Southern Choctaw and St. Pauls, in games they had to win, showed the real character of the team. When the playoffs begin the records don't mean a thing and we are approaching this game like Flomaton has a perfect record." "Flomaton has a new coach this

To Those I Love And Those Who Love Me

When I am gone, release me, let me go.

You must not tie yourself to me with tears,

gave you my love, you can only guess

It's only awhile that we must part so bless

So, if you need me, call and I will come.

You will hear all my love around you,

Come this way alone, I'll greet you with

soft and clear, and then, when you must

I'll be near, and if you listen with your heart,

I thank you for the love you each have shown,

So grieve awhile, for if grieve you must - then

how much you gave me in happiness.

let your grief be comforted by trust.

won't be far away, for life goes on.

Though you can't see or touch me

I have so many things to do and see.

be happy that we had so many years.
